Our Team Honors & Awards

Our team members discovered multiple security issues on the well know platforms, websites, vendors and applications and have been rewarded and announced on the hall of fame for the top security researchers.

- Microsoft
- Fiat Chrysler Automobiles
- MOBRAND
- Techsixtyfour Ltd
- Cisco
- Chrysler Automobiles
- Discourse
- Cylance
- ActiVPN
- Constant Contact
- EC Council
- PECB
- Juniper

Our Team Certificates Sample

- Offensive Security Certified Professional (OSCP)
- Offensive Security Wireless Professional (OSWP)
- GIAC Penetration Tester (GPEN)
- Licensed Penetration Tester (LPT)
- EC-Council Certified Security Analyst (ECSA)
- Certified Ethical Hacker (C|EH)
- Computer Hacking Forensic Investigator (CHFI)
- Advanced Network Defense (EC-Council CAST 614)
- GIAC Security Essentials Certified (GSEC)
- Certified White Hat Hacker (CWHH)
- Red Hat Certified System Administrator (RHCSA)
- Certified Information Systems Security Professional(CISSP).
- Information technology infrastructure library (ITIL).
- Open Source Intelligence (OSINT).

SANS

EC-Council

Our Team Publications

Our security experts are a permanent security articles and workshop designers in most of the well known security magazines and security conferences, below is sample on the published articles by our team members:

- Advance Wireless Penetration Testing
- Successful Vulnerability Assessment
- Mobile Application Penetration Testing
- Open source Penetration Testing Tools
- Client and server applications security
- Top 10 Android applications development vulnerabilities

Secure Networks Delivery Approach

Start

- Gathering Requirements
- Analysis
- Providing solutions

Design

- Required documentation
- High level design
- Low level design

Transformation

- Implementation
- Transition and handover to operation

Why Secure Networks?

- ✓ End-to-end, product-agnostic approach covering strategy and risk Management
- ✓ In-depth knowledge of clients' sector-specific security needs
- ✓ End-to-end capability and Understanding Market Needs
