

Simles eSIM: The Future of Global Connectivity

Simles aims to become the leading eSIM travel technology platform in emerging markets. We enable frictionless global connectivity through a single mobile interface.

Pioneered by fintech and telecom visionaries, relocating headquarters to KSA, we unveiled our platform in April 2025 on iOS and Android, seamlessly connecting and enriching the journeys of travelers across the world.

Available on:

Seamless Global Connectivity

Instant eSIM Activation

Purchase and activate Data eSIMs instantly in over 150 countries. No physical SIMs needed.

Flexible Data Plans

Choose destination-specific or regional bundles. Pay only for what you need.

Travel Insurance (Coming Soon)

Mobile recharge, travel insurance, and more essential services in one platform.

B2B Integration

Seamless API integration for travel agencies, fintechs, and other platforms.

Who We Serve

B2C Market

- Frequent Worldwide travelers
- Digital nomads and remote workers
- Tourists from all over the world
- Budget-conscious travelers seeking connectivity

B2B Partners

- Online travel agencies
- Neobanks and fintech platforms
- Airlines and airport operators
- Corporate travel management companies

Solving Real Travel Pain Points

Expensive Roaming

Travelers face prohibitive international roaming fees.

SIM Inconvenience

Buying local SIMs abroad is time-consuming and often confusing.

Fragmented Services

No single solution offers connectivity plus essential travel services.

NO MORE ROAMING RAGE
JUST SMOOTH, FAST CONNECTION
